Higher Education in Turkey

The higher education system in Turkey is supervised by the Council of Higher Education (CoHE). The CoHE is an autonomous institution which is responsible for the planning, coordination and governance of the higher education system in accordance with the Constitution and the higher education laws.

Higher education institutions in Turkey can be classified as follows: Universities, Institutes of High Technology, Post Secondary Vocational Schools, Other Higher Education Institutions (Military and Police Academies). There are two types of universities in Turkey, namely State and Non-profit Foundation Universities.

All of these higher education institutions are recognized and accredited by the CoHE. There are 183 universities in Turkey, 71 of which are Non-Profit Foundation Institutions (March 2017). These universities host more than 6 million students. A list of universities and their contact information is available at www.yok.gov.tr

Turkish universities offer:

- **Associate's degree programs (short cycle):** These programs take 2 years. Vocational high school graduates can qualify for associate's degree programs without the central placement test.

- **Bachelor's degree programs (first cycle):** These programs generally take 4 years. Specialized programs such as medicine (6 years) may be longer.
- **Master's degree programs (second cycle):** A master's program with thesis generally take 2 years; a master's program without thesis take 1.5 years.
- **Doctoral degree program (third cycle):** A doctoral program after a master's degree take 8 semesters, an integrated doctoral program after a bachelor's degree take 10 semesters. A completion of coursework, proficiency exam, dissertation proposal and successful oral defense of the dissertation are the requisite steps in doctoral programs.
- **Post-Graduate programs:** Duration depends on program and university.

The National Qualifications Framework for Higher Education in Turkey, developed with reference to the Qualifications Framework of the European Higher Education Area was adopted by the CoHE in 2010.

Turkey has actively participated in the Bologna Process, which define the European Higher Education Area (EHEA). The Bologna Process has been an important opportunity for reconstruction and internationalization of Turkish higher education system.

For more information on the Turkish higher education system, please refer to the CoHE website www.yok.gov.tr

Studying in Istanbul

Istanbul has a wonderful location spanning the European and Asian continents across the Bosphorus straits.

Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has grand historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all.

Today it is not the capital of the modern Turkish Republic but it is the most populous city of Turkey with 17 million inhabitants. Istanbul is still the heart of Turkey's commercial, financial, artistic and cultural activities. It is a touristic destination which attracts around 12 million tourists a year, with its historic palaces and mosques, wonderful museums, art galleries, festivals, and world-class shopping and entertainment.

Istanbul is also an education hub. 58 universities are currently operating in Istanbul hosting around 600.000 students. Living and studying in Istanbul is a great experience with so many places to see and so many things to do.

Both Turkish and international students agree that studying in Istanbul is an opportunity not to be missed.

Istanbul Aydın University (IAU)

Istanbul Aydın University (IAU) is a non-profit and state-recognized Foundation university. It was established in 2003 offering vocational programs of higher education. It became a university in 2007, delivering bachelor's and graduate programs. The university has grown rapidly, opening new faculties, increasing the number of its students and staff.

IAU now offers a wide range of academic programs in order to meet the demands of the labor market in the global economy. The latest additions to the university are the Health Sciences and Dentistry programs. The university recently opened its Faculty of Medicine.

The future plans of the university include emphasizing quality assurance and accreditation procedures and further developing its graduate programs.

From the President

Istanbul Aydın University equips its students with the 21st century skills, and the innovative and the creative spirit of our age with the help of our qualified teaching staff, up-to-date curricula, foreign language teaching, high-tech facilities and the active social life on campus.

I believe that modern Turkey will be able to rise as a leader in science, technology and world affairs with the efforts and contributions of the young generation. I sincerely hope that our students will discover and plan the career that they dream and build a happy future for themselves.

In order to realize these hopes and beliefs, we pursue our continuous work at Istanbul Aydın University with the mission of becoming a model university and assuming an important role in Turkey's education sector.

Dr. Mustafa Aydın

President, Board of Trustees

From the Rector

Education and learning are the main impetus for a society's development. Universities are valuable institutions with ties to various segments of society, focused on solving the problems of society, developing and spreading technology, while embodying the principles of academic freedom.

Although the number of universities in Turkey has increased recently, there are still over a million young people every year who are unable to access higher education due to insufficient number of seats at universities.

With this concern in mind, Istanbul Aydın University has worked relentlessly since its establishment in 2003 to reach its goals and has created the roadmap with its academicians, administrators and directors to be a leading, socially responsible and globally engaged university.

Prof. Yadigâr İzmirli

Rector

IAU Facts and Figures

IAU Facts

Students' Top Choice

IAU is the most-preferred university by Turkish students in the central placement test for bachelor's programs. IAU is also preferred by international students; it has the highest number of international students among the foundation universities in Turkey.

Technological Campus

IAU has engineering and health sciences laboratories equipped with up-to-date technology, as well as art and design workshops and studios. It has an online student registration and information system. Every classroom is equipped with smart boards and podiums. The library has a wide range of electronic resources for the use of students and staff.

Comprehensive University

IAU has academic programs at prebachelor's, bachelor's, master's and doctoral levels covering most disciplines. Being a comprehensive university encourages interdisciplinary research and allows students to complete double major and minor studies.

Focus on Competency

IAU emphasizes professional competency in its teaching. Students have internships integrated into their curricula and on-the-job-training opportunities through the many industry partnerships of IAU.

International University

IAU has an international campus with around 2500 international degree-seeking students from 101 countries. IAU also welcomes international students through the Erasmus+, bilateral exchange programs, and the Delightful Istanbul programs. IAU offers numerous study abroad opportunities to all its students at its partner universities abroad.

City University

IAU's main campus in Florya offers easy access to the many social and cultural activities in Istanbul through public transportation. Florya is close to the main international airport in Istanbul. IAU has also smaller campuses in downtown locations, housing the English Language Program, dental clinics, continuous education programs.

Graduate Programs

Graduate Institute of Health Sciences

The Institute of Health Sciences aims to address global health issues with a view to prevention, treatment and rehabilitation services, to conduct original research and to educate future academics. Our academic programs will grow in number with the establishment of our Faculty of Medicine, and the ever-changing and ever-increasing demands in the health system. Our objective is to become a selective graduate institute attracting top Turkish and international students.

MSc Programs

- ▶ Family Counselling (*with/without Thesis*)
- ▶ Health Institution Management (*with/without Thesis*)
- ▶ Medical Physics (*with thesis*)
- ▶ Physiotherapy and Rehabilitation (*with thesis*)

Ph.D. Program

- ▶ Prosthodontics
-

Graduate Institute of Natural and Applied Sciences

Graduate Institute of Natural and Applied Sciences offers academic programs designed to educate individuals who are dedicated to scientific investigation, who can design and apply solutions to real-life problems with a view to support sustainable development in Turkey and around the world. The laboratories especially in food safety and civil engineering fields support applied research and development.

MSc Programs

- ▶ Computer Engineering (*with Thesis*)
- ▶ Information Technology (*without Thesis*)
- ▶ IT Based Teaching Technologies (*without Thesis*)
- ▶ Electrical and Electronic Engineering (*with Thesis*)
- ▶ Electrical and Electronic Engineering (*English/with Thesis*)
- ▶ Food Safety (*with Thesis*)

- ▶ Mechanical Engineering (*with Thesis*)
- ▶ Architectural Design (*without Thesis*)
- ▶ Architecture (*with Thesis*)

Ph.D. Programs

- ▶ Computer Engineering
 - ▶ Food Safety
 - ▶ Food Engineering
 - ▶ Civil Engineering
 - ▶ Architecture
 - ▶ Occupational Health and Safety
-

Graduate Institute of Social Sciences

The Graduate Institute Social Sciences aims to train modern executives who will be able to run corporations successfully in the chaotic conditions of the modern world with multi-faceted transformations and complex crises. Our academic programs are designed to emphasize analytical thinking, to underline the importance of social responsibility and to orient students towards problem-solving. The Institute welcomes a great of number of international students and encourages international collaborations in research and teaching.

Master of Arts Programs

- ▶ Arabic Language Training (*with thesis*)

- ▶ E-Business Management (*without thesis*)

- ▶ Education Administration and Supervision (*with/without thesis*)

- ▶ Educational Program and Instruction (*with/without thesis*)

Bachelor's Programs

Faculty of Architecture and Design

The Faculty of Architecture and Design aims to educate architects, interior architects and product designers who give priority to the environment, can integrate computer and information technologies into designing processes, and apply scientific analysis to deal with real-life problems.

During education and training, theoretical lessons, workshops, sketches, exhibitions, conferences, research and study trips are integrated. Many research and development projects are carried out at the Faculty, which are sponsored by TÜBİTAK (Scientific and Technological Research Council of Turkey), government agencies and various industrial organizations.

Departments

- › Industrial Product Design
 - › Interior Architecture
 - › Architecture
-

Faculty of Arts and Sciences

The Faculty of Arts and Sciences was founded to conduct contemporary education, training and research activities in line with the local, national and international needs. We value international interaction and use of information technologies in our teaching.

Departments

- English Language and Literature
 - History
 - Psychology
 - Sociology
 - Turkish Language and Literature
-

Faculty of Communication

Faculty of Communication, with its distinguished academic staff and experts from the sector, aims to train individuals who have the requisite theoretical knowledge, the technical skills and the ethics of their profession by being respectful of human rights and sensitive to social problems.

Departments

- Advertisement
 - Journalism
 - Public Relations and Publicity
 - Radio Television and Cinema
 - TV News and TV Programming
 - Visual Communication Design
-

Faculty of Dentistry

Dentistry degree requires 5 years of study. Besides basic medicine and dentistry courses, students take pre-clinic professional courses in order to improve their skills during the first 2 years of their professionals training. Starting on their junior year, students do 3 years of clinic work. Completing the treatment of our patients in the highly technological multidisciplinary clinics, our students graduate adopting the mission, skills and experience of dentistry.

Departments

- Dentistry
-

Faculty of Economics and Administrative Sciences

Faculty of Economics and Administrative Sciences has 7 bachelor's programs. In 4 of these programs, the language of teaching is English. Our academic programs are specialization-oriented and considers market conditions as much as theoretical education. Our teaching staff gives weight to knowledge exchange in both the national and international arena. We emphasize internationalization, welcome many international students in our academic programs and actively engage in student and staff exchanges with partner universities abroad.

Departments

- Accounting and Financial Management
 - Business Administration
 - Business Administration (English)
 - Civil Aviation Management (English)
 - Economics and Finance
 - International Trade (English)
 - Political Science and International Relations (English)
-

Faculty of Education

In parallel with the pace of change and improvement of our society, the Faculty of Education was established in order to train modern, qualified teachers to train new generations. Our aim is to graduate teachers who are responsible, specialized in their own fields, capable of complying with the changing era. They should consider science as their guide and take the society and the humanity to a brighter future.

Departments

- Arabic Language Teaching
 - Computer and Instructional Technologies Education
 - Education of the Mentally Disabled
 - Elementary Education
 - English Language Teacher Education
 - Gifted Education
 - Pre-School Teacher Education
 - Primary Mathematics Education
 - Psychological Counseling and Guidance
 - Turkish Language Teacher Education
-

Faculty of Engineering

In our world where science and technology have advanced at a great pace, engineers have always taken an active and leading part. The Faculty of Engineering has adopted research, producing new knowledge and technologies, especially in the fields where Turkey has a comparative advantage, as its most important task. The academic staff are involved in many national research projects with TÜBİTAK (Scientific and Technological Research Council of Turkey), government agencies and various industrial organizations, as well as EU-funded research projects. Faculty of Engineering values internationalization in both research and teaching. The language of teaching is English in 4 of the programs. We participate in Erasmus+ and other student and staff exchanges.

Departments

- Civil Engineering
 - Computer Engineering (English)
 - Electrical and Electronics Engineering (English)
 - Food Engineering
 - Industrial Engineering (English)
 - Mechanical Engineering
 - Textile Engineering
 - Software Engineering (English)
-

Faculty of Fine Arts

Faculty of Fine Arts was founded to give education in certain branches of the arts, which are an indispensable part of life and a great source of happiness for society. Design and creativity are also indispensable elements in our country's developing industry and technology. Our students, by discovering and using their talents, will be the designers of future aesthetics.

Departments

- ▶ Cartoon and Animation*
 - ▶ Drama and Acting*
 - ▶ Gastronomy and Culinary Arts*
 - ▶ Graphic Design*
 - ▶ Fashion and Textile Design*
 - ▶ Arts Management*
-

* Student admissions based on special talent examination.

Faculty of Health Sciences

The aim of the Faculty of Health Sciences is to train health personnel who have the knowledge and the skills to do original research or work for the improvement of public health. The health care sector is a rapidly growing one in Turkey and we need the best professionals and the future academics as qualified workforce in this sector. Our Faculty is equipped with academicians who are experts in their fields and the laboratories with the latest-technology available.

Departments

- ▶ Audiology
 - ▶ Child Development
 - ▶ Health Care Management
 - ▶ Nursing
 - ▶ Nutrition and Dietetics
 - ▶ Physiotherapy and Rehabilitation
 - ▶ Social Work
-

Faculty of Law

While receiving a classical legal education which aims to form a normative legal knowledge, our students will develop their ability to comment and enrich their intellectual knowledge. They will also have a chance to examine and evaluate newly emerging legal fields and changing legal values in accordance with the political, financial, sociological, cultural and technological developments. International Law, EU Law, Environmental Law, Maritime Law, Energy Law and Competition Law are among the specialized fields covered at the Faculty of Law.

Departments

▸ Law

Faculty of Medicine

The Faculty of Medicine offers prospective doctors the vision to become a healthcare provider who is caring while offering the best medical services available, who has the academic motivation and the discipline to learn continuously, who aims high in every aspect of life and who has good communication skills.

Our Faculty will have its place in the higher education sector of modern medicine with our lecturers, researchers and medical doctors who join us in our enthusiasm to innovate and to reach for the best.

Departments

▸ Medicine

School of Foreign Languages

The School of Foreign Languages offers two bachelor's programs, Translation and Interpreting in English and in Russian. It also supports teaching general, business, professional, special/ academic English given in all associate and bachelor's programs.

The School of Foreign Languages is responsible for the English Preparatory Program, which is a year-long, intensive English program for students who will study at English-medium departments at IAU. The English Preparatory Program is conducted in two semesters as four tracks. Students can use multimedia rooms, classroom smart boards, Audio-Visual Language labs and CALL (Computer Aided Language Learning) courses. The curriculum of the English Preparatory Program is prepared in parallel to TOEFL-IBT exam which will be taken by every student at the end of the year as the final test. In the program, A, B, and C levels of English are taught. If they wish, students can complete their one or two last tracks abroad.

Departments

- Translation and Interpreting (English)
 - Translation and Interpreting (Russian)
-

School of Applied Sciences

School of Applied Sciences will be opened in 2017-2018 academic year.

Istanbul Aydın

IAU UNESCO Chair Cultural Diplomacy, Governance and Education

Istanbul Aydın University's UNESCO Chair on Cultural Diplomacy, Governance and Education (CDGE) established in 2014, is based on the mutual collaboration and contributions from local and international institutions. Its activities are interdisciplinary; they refer to education, research, technology and cultural/social activities.

IAU UNESCO Chair Education For Sustainable Peace

IAU UNESCO Chair on Education for Sustainable Peace aims to create a peace culture among different groups through providing education to specifically women and the youths, and integrating research and training activities on conflict resolution.

International

Istanbul Aydın University is committed to internationalization of its student body and academic programs. IAU Directorate of International Relations is responsible for managing and developing international activities. Various offices under the directorate run student exchange programs such as Erasmus+ and Mevlana, study abroad programs, international summer and winter programs, full-time student recruitment activities, international student support services, and Turkish language courses for international students.

International memberships

With a view to expand its international collaborations, IAU has memberships to numerous international associations and networks, such as Eurasian Universities Union- EURAS, Mediterranean Universities Union- UNIMED, Black Sea Universities Network - BSUN, Federation of the Universities of the Islamic World - FUIW, European University Association- EUA associate.

Erasmus+ Program

Istanbul Aydın University offers its students the privilege to be part of an international academic community that spans across 26 European countries and 14 non-European countries, comprising of 243 possible destination universities for Erasmus studies/traineeship mobility through its bilateral agreements. In the 2015-2016 academic year, we were preferred by 152 European students and we have sent 96 IAU students to European countries for an Erasmus experience that changed their lives.

Contact: erasmus@aydin.edu.tr

Our Erasmus+ Partners

IAU Erasmus+ organizes an Erasmus Staff Training Week every year to share experience and best practices with our partner institutions.

Short Term Study Programs

IAU Short Term Study Programs office conducts 'Short Term Study Programs' throughout the academic year. These programs combine credit-bearing courses and cultural activities. Subjects that would attract international students are carefully selected and the courses are designed to include fieldwork or lab hours, alongside the lectures.

Delightful Istanbul International Summer School

The Delightful Istanbul Program takes place in the first two weeks of August and is open to all international partner universities. Delightful Istanbul is proud to bring hundreds of international students from all over the world with different cultural backgrounds together in IAU campus. Among the interesting subjects offered are Global Business, Marketing in Health Care Organizations, Leadership and Culture, Fashion Design, Gastronomy and Web Design. Students who successfully complete the course requirements receive ECTS credits. Delightful Istanbul also hosts International Guest Lecturers along with IAU's experienced academicians. The program's competitive price includes tuition, superior accommodation, course materials, museum entrances and two rich sightseeing tours in Istanbul.

Delightful Antalya & Istanbul International Winter School

This program takes place during the winter break which is usually the last two weeks of January and hosts international students from all over the world. The program, similar to the Delightful Istanbul Summer School Program in content, takes place in the two most attractive cities of Turkey, Antalya and Istanbul. During winter, Antalya with its mild Mediterranean climate and its rich historical heritage is a wonderful city to explore for the Delightful Winter participants.

Delightful Cappadocia & Istanbul Spring School

International Short Term Programs Office presenting a great program and opportunity the 'Delightful Cappadocia & Istanbul Spring School'. This program, just like Delightful Winter and Summer Schools is offering a fantastic course combined with a rich cultural and social program taking place both in Cappadocia and in Istanbul. Within one week participants will enjoy an interesting subject in a multi-cultural environment, visit world's historical heritage Cappadocia and discover the main attractions of Istanbul. The program takes place during the 'Easter Holiday' in April.

Mevlana Exchange Program

Mevlana international exchange program is a student and staff exchange program designed by the Turkish Council of Higher Education. IAU takes part in the program by signing reciprocal exchange protocols with international partner universities. As IAU students can study for one or two semesters at a partner institution abroad, IAU hosts international Mevlana students from partner universities for one or to semesters. **Contact:** mevlana@aydin.edu.tr

International Students and Staff Affairs Office (ISSA)

ISSA presents orientation programs for newly arriving international students providing the important information and skills they need in order to study successfully with no interruption during their stay in Turkey. ISSA offers one-on-one counselling and group activities to help international students through their adaptation period and supports them with their educational, legal and social issues. In addition, it coordinates activities with the International Students Club to implement their projects and to organize extra-curricular activities such as field trips. **Contact:** issa@aydin.edu.tr

International Student Recruitment Office

International Student Recruitment Office is responsible for developing and implementing the University's strategy for marketing and recruitment of international students. The Office provides information, advice and guidance on studying at IAU to prospective students, educational representatives and schools overseas. The Office is responsible for:

- › **Overseas visits:** Organizing regular visits to different countries to maintain and develop contacts and to promote the University at education fairs and via institutional visits, presentations and working with the University's partners.
- › **Representatives/agents:** Managing relations with a network of overseas student recruitment agents.
- › **Direct Consultancy:** Providing information for prospective international students on our website and publishing on a regular basis the results of market research on student recruitment activities.

Contact: admission@aydin.edu.tr

AydınTÖMER

IAU Turkish Language Teaching, Application and Research Centre (Aydın TÖMER) has been established for international students who would like to learn Turkish through effective teaching methods in a modern learning environment. The curriculum is designed in accordance with the European Common Language Criteria. The academic staff in the center has extensive experience in learner-centered education. Students who graduate from Aydın TÖMER will be able to continue their university studies in Turkish easily with the level of Turkish proficiency acquired from the center.

Aydın TÖMER, as well as the teaching of Turkish to students, organizes workshops and conferences, prepares publications to develop effective teaching methods and materials for teaching Turkish to foreigners.

Campus Life

Social Life on Campus

► Istanbul Aydın University offers its students many extra-curricular activities such as "About Life" conferences organized weekly which host important figures of politics, business and the bureaucracy; trips to historical and cultural destinations; theatre, cinema, literature and dance performances; IT days to encourage the young talent and share the new technologies in this field.

There are 63 student clubs some of which are:

Young Entrepreneurs Club, Environment and Sustainable Campus Club, Social Responsibility Club, Original Design Club, Motor Sports Club, Spanish Language Club, Cinema Club, Music Club, Dance Club, Photography Club, International Students Club.

► IAU has many sports teams which compete successfully at national and international tournaments. IAU Men's Tennis Team has won the European Universities Tennis Championship in 2014. IAU Women's Basketball team has won the national league championship 2014 and represented Turkey at 2015 European Universities Basketball Championship. In the 2015-2016 academic year, IAU sports teams won 19 Cups, 13 Gold, 8 Silver, 7 Bronze Medals.

► Radio AYDIN offers a fun learning experience for Communications students who have the chance to program their own shows. Communications students also have their own news agency and publications.

Campus Facilities

► Istanbul Aydın University's newly-built Information Center on Florya Campus occupies an area of 3.000 m². It has a capacity of 728 seats and 50,000 volumes of shelf. The Center has 6 group study rooms and 13 personal study rooms. It is open 24 hours a day, 7 days a week.

IAU Information Center's collection covers national and international various resources like printed books, periodicals, reference materials,

technical publications, theses and various multimedia resources. Also internet connection is available for researchers. It is possible to access e-books and e-journals via academic data bases such as Ebrary, JSTOR, WILEY.

► The main campus has conference halls, auditoriums for plays and other performances furnished with latest technical equipment.

► Istanbul Aydın University offers social facilities considering the needs of our students, academic and administrative staff. There are 6 cafeterias in Florya Campus and 3 Bahçelievler Campus that serve affordable and healthy food to 5000 thousand people at once. Also there are 6 garden cafeterias and outdoors recreational areas.

► Indoors and outdoors sport complexes provide the opportunity to play sports like football, basketball, volleyball. There are two fitness centers for students and staff.

► There are numerous public and private dormitories for female and male students around the Florya campus. The IAU operates a brand new women's dormitory within easy reach of the campus.

Campus Services

IAU provides through its administrative offices many support services to its students and staff.

- ▶ The Clinic offers emergency aid with doctors and nurses available for 18 hours. The Guidance and Psychological Counselling Center provides support for psychological well-being of students and staff. Our students and their parents can be treated at discounted rates at Oral Health Application and Research Center associated with IAU Faculty of Dentistry.
- ▶ Work Placement Center facilitates on the job training opportunities for students by arranging work placements at companies/corporations/foundations, who are "solution partners" of IAU. Each student participates in work placement once a week in the fall and spring semesters and undertakes 30 to 60 days of summer internship.
- ▶ Alumni Orientation Center helps graduating students make their career planning by considering their aptitudes and education. It aims to help alumni improve their employability and the skills necessary for a successful career. It provides connections between the alumni and various prestigious companies.

Continuing Education and Research Center contributes to the skilled labor of the country by means of consultancy service and training in the areas of communications, organization and management, social skills, and professional competences. It organizes certificate programs for both IAU students and different occupational groups, and tailor-made corporate trainings.

My University *My future*

> Thousands of students who arrive in Istanbul to study find a vibrant cultural life, amazing history and beautiful architecture, most important of all, a student-friendly diverse lifestyle. If you would like all of this and a practical, career-focused study experience, IAU is the place for you.

Make Istanbul your home and IAU your University for your bright future!
