Studying in Istanbul

Istanbul has a wonderful location spanning the European and Asian continents across the Bosphorous Straits. Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has great historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all.

As Napoleon said, "If the whole world were one country, Istanbul would be its capital".

IAU International Istanbul Aydin University is committed to internationalization of its student body and academic programs. IAU Directorate of International Relations is responsible for managing and developing international activities and collaborations. Various offices under the directorate run the student exchange programs such as Erasmus+ study abroad programs, international summer and winter programs, full-time student recruitment activities, international student support services and Turkish language courses for international students.

About IAU

Students' Top Choice IAU is the most preferred Foundation University in Turkey both by Turkish students and international students.

Focus on Competency IAU emphasizes professional competency in its teaching. Students have internships integrated into their curricula and applied training opportunities through the many industry partnerships of IAU.

Technological Campus IAU has engineering and health sciences laboratories equipped with the latest technology, as well as art and design workshops and studios. Every classroom is equipped with smart boards and podiums.

International University IAU has an international campus with more than 6000+ international students from 124+ countries. IAU also offers numerous study abroad opportunities to all its students with its foreign partner universities.

Comprehensive University IAU offers academic programs in Associate's, Bachelor's, Master's and Doctoral levels. (Along with English & Turkish Prep School)

City University IAU's main campus in Florya offers easy access to the many social and cultural activities in Istanbul through public transportation.

IAU International Partners Week Event

IAU hosts and takes part in many international events to share knowledge, experiences and best practices with partner universities.

Among them, each year we organize the IAU International Partners Week Event, dedicated to colleagues involved in International Relations management of their universities as well as to colleagues managing short term programs and international students' recruitment.

Participants have the possibility of combining the participation to this event with the participation to EURIE –Eurasia Higher Education Summit, the third biggest annual higher education summit in the world.

Most preferred foundation university in Turkey...

Our unique combination of industry links, internationally recognized contemporary programs and outstanding technologies make IAU the leading and the largest foundation university in Turkey. IAU is established to produce an inquisitive, educated and innovative population that is focused and driven to succeed. With the biggest Technology Center in Turkey established in one complex, university hospital, notable Social Sciences Research Centers, Incubation Center and the curriculum-as experience approach, IAU is open for research in Engineering, Social and Medical Sciences, exchanges of innovative practices and students and staff mobilities. We invite students to discover their path towards a bright future by joining our programs as well as international universities to become part of our family in our quest for educating tomorrow's generation.

ERASMUS+ AT IAU

IAU Aydin University has a long-established tradition of welcoming Erasmus+ students from universities all around the world onto our programmes. Our established links with over 310+ Erasmus+ partners widens opportunities for students and staff.

Erasmus+ Program supports worldwide university cooperation, thus allowing staff and students to conduct research, teach or study and get training in one of IAU's numerous prestigious partners around the World.

Our Florya Campus offers contemporary study facilities, support services, cafeterias and entertainment in one of the most attractive university campuses in Istanbul.

IAU offers you a wide range of subjects at the associate vocational, undergraduate and graduate levels, with ECTS credits that you can easily transfer back to your degree program at your home University. ECTS information package:

<http://ebs.aydin.edu.tr/>

Nominated students can opt to study at IAU for either one or two semester dependent on the terms and conditions of the inter-institutional agreement between our Universities with entry points in September and February.

We will provide comprehensive administrative, academic and welfare support for the duration of your Erasmus+ study and traineeship period. There is a full orientation program upon arrival with sessions and free of charge Turkish language courses specifically designed for Erasmus+ incoming students.

Since 2017, IAU has also received several Erasmus+ grants within the International Credit Mobility (ICM) scheme, thus allowing students and staff coming/going to Jordan, Morocco, Iran, Indonesia, Algeria, Azerbaijan and Russian Federation to receive Erasmus+ support grants. IAU is open to explore cooperation opportunities with institutions outside the EU space as well.
