Dear Colleagues,

On behalf of the Department of Health and Social Work we are pleased to invite you to our 20<sup>th</sup> International Week which is scheduled from November 12<sup>th</sup> to 16<sup>th</sup>, 2018.

It is part of our “Internationalization at Home” program and aims to make students aware of international perspectives on social work and health/nursing, as well as to encourage them to apply for a semester or internship abroad.

As tried and tested in our previous international weeks, you are welcome to choose your own topics, methods and means. Your contributions will be integrated in our regular teaching courses according to the thematic categories. The lectures should be held in German or English. The presentations usually last 90 minutes, but if necessary/possible more time can be provided.

We offer constructive meetings between colleagues from different countries and encounters with our students, staff and IO. Of course, we will have the opportunity to exchange experiences and discuss relevant issues. On Wednesday morning you can join the presentations of our outgoing students about their experiences in our partner universities and/or present your university/department at the information fair of the IO.

Travel expenses will be met by the sending university in the frame of ERASMUS (STA). You are welcome to join for the whole week or just some days.  
Any questions? Do not hesitate to contact us.

We are looking forward to meeting you  
in Frankfurt!

Prof. Dr. Ute Straub

Eva Reusch
