A Global University
in Pursuit of Excellence

Studying in Istanbul

Istanbul has a wonderful location spanning the European and Asian continents across the Bosphorous Straits. Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has great historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all.

As Napoleon said, "If the whole world were one country, Istanbul would be its capital".

IAU International Istanbul Aydın University is committed to internationalization of its student body and academic programs. IAU Directorate of International Relations is responsible for managing and developing international activities and collaborations. Various offices under the directorate run the student exchange programs such as Erasmus+ study abroad programs, international summer and winter programs, full-time student recruitment activities, international student support services and Turkish language courses for international students.
