### **1-TOPIC**

The candidate should specify the significance of the dissertation topic for current and future research in the field, explain the reason for choosing that particular topic, and define the essential terms related to the research topic.

### **2-PURPOSE/IMPORTANCE**

The candidate should specify the purpose of the proposed research, the project's significance and its contribution to the field, as well as the hypotheses to be tested by the project.

### **3-FIELD, RESOURCES, PLACE-DURATION AND SUPPORT**

The candidate should explain in which field the project will be completed; whether the project is applied or not; if applied, which sampling and data collection instruments will be used. Additionally, the candidate should specify the place where the study will be carried out, and the permissions required. If survey and similar studies are needed, these should be mentioned under this heading. The estimated completion time, how the costs will be financed, and whether the project is sponsored or not should be specified.

### **4-METHODS AND TECHNIQUES**

The candidate should specify the stages of the project, which techniques will be used to form the theoretical and practical stages of the project, which techniques will be used for data sampling and the assessment of the sampled data.

### **5-THESIS OUTLINE**

The candidate should specify the main titles and subtitles related to the topic and prepare a tentative "CONTENTS" section.

### **RESOURCES AND APPENDICES**

The candidate should give a list of scholarly resources including books, articles etc.

### **NOTE:**

1. Contents and Sources List must follow "Thesis Writing Guidelines".
2. The candidate must submit the thesis proposal to the members of the Dissertation Monitoring Committee 20 days before the Thesis Proposal Defence.
3. If the candidate's Dissertation Proposal Defence is successful, the proposal will be sent to the Institute of Social Sciences with a letter of approval from the Department Chair.
