Prepared by the Faculty of Dentistry

İAÜ DENTCUP

The İAÜ DentCup Football Tournament, organized by our Faculty, was concluded with the victory of the 5th-year English Program students. We congratulate the team on their achievement.

Despite their intensive clinical and theoretical training schedule, we would like to thank all students who took part in the tournament for the time and value they devoted to sports, setting a positive example for the youth of our country.

Community Oral and Dental Health

As Istanbul Aydın University Faculty of Dentistry, oral and dental health screenings were carried out on 12.11.2025 at the Bahçelievler Children's Home and on 13.11.2025 at the Girls' Protection Home.

Our Faculty continues to take an active role in social initiatives with great dedication and a strong sense of social responsibility, alongside prioritizing academic excellence. We would like to thank all our academicians and students—particularly the faculty members from the Department of Pediatric Dentistry—who contributed to this meaningful initiative that supports community health, promotes health literacy, and helps disseminate the principles of preventive dentistry.

Community Oral and Dental Health

Oral examinations of 60 children aged 4-13 at the East Turkestan Association were carried out through the collaboration of our Vice Dean Prof. Dr. Didem Öner Özdaş, Dr. Lecturer Ece Çalışkan from the Department of Endodontics, and our undergraduate students.

Community Oral and Dental Health

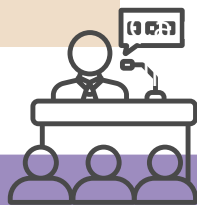

Community Oral and Dental Health

In cooperation with Küçükçekmece Kent Konseyi, İstanbul Aydın Üniversitesi Diş Hekimliği Fakültesi, and the Türkiye Sigara Savaş Derneği (TSSD), awareness seminars titled “Oral and Dental Care, Ways to Combat Addiction” were held at Tema İstanbul Ortaokulu and Mareşal Fevzi Çakmak Ortaokulu.

Within the scope of the seminars, Cenker Zeki Koyuncuoğlu, Assoc. Prof. from the Department of Periodontology, shared valuable information with students on the importance of maintaining oral and dental health, the individual and social impacts of avoiding harmful habits, and developing awareness of a healthy lifestyle. In addition, Ece Çalışkan, Dr. Lecturer from the Department of Endodontics, explained proper oral hygiene practices and provided examples of key points to consider in daily life.
