Participated in the Football Tournament Organized within the Scope of Pharmacy Day on May 14

As part of the Pharmacy Day celebrations on May 14, our students participated in the football tournament organized by the Faculty of Pharmacy of Fenerbahçe University. The tournament was held on April 28–29 and May 1 at the Fikirtepe Facilities of Fenerbahçe Sports Club. Our faculty was represented by our students under the leadership of Assist. Prof. Dr. Cem Erkmén.

During the tournament, matches were played against the Faculties of Pharmacy of Istanbul Medipol University, Istinye University, and Fenerbahçe University. Our students successfully represented our faculty through their team spirit, sportsmanship, and solidarity throughout the competition.

This event, which highlighted the unifying power of sports, strengthened social interaction among our students and contributed to the enthusiastic celebration of Pharmacy Day.

PharmAydın Student Club Organized the ONKOPHARM Event

The ONKOPHARM (Oncology Pharmacy: Current Approaches and Case Analysis from the Clinical Pharmacy Perspective) event, organized by the PharmAydın Student Club of the Faculty of Pharmacy and supported within the scope of the UNIDES 2026 Program of the Republic of Türkiye Ministry of Youth and Sports, was held on May 11.

During the event, current approaches in the field of oncology pharmacy were discussed, and the roles of clinical and community pharmacists in cancer treatment were evaluated. In addition, participants were introduced to NCODA, and practical case-based discussions were conducted through the presentation of case studies.

ONKOPHARM was successfully completed as a productive event that contributed to raising awareness of oncology pharmacy and enhancing participants' professional knowledge in this important field.

Participated in the International Student Congress “Migration Dream in Higher Education”

Students from the Faculty of Pharmacy participated in the International Student Congress “Migration Dream in Higher Education”, organized by the Student Dean’s Office of Istanbul Aydın University on May 12–13 at the Purple Hall of the Social Sciences Campus, with the participation of 14 universities.

Under the supervision of Prof. Dr. Sevgi Karakuş, our second-year students Seher Sıla Ekici and Ayda Aghdam participated in the congress by presenting their studies. Seher Sıla Ekici presented the study titled “*The Psychosocial Dimensions of Forced Migration After Disasters*”, while Ayda Aghdam presented “*The Importance of Cultural and Geographical Proximity in International Students’ Preference for Türkiye.*”

We congratulate our students and their academic advisor on their achievements and wish them continued success in their future academic endeavors.

The 2nd White Coat Ceremony Was Held

The 2nd White Coat Ceremony, organized as part of the May 14 Pharmacy Day celebrations, was held with the participation of first-year students enrolled in the Turkish and English Pharmacy Programs of the Faculty of Pharmacy at Istanbul Aydın University.

Coordinated by Vice Dean Prof. Dr. Sevgi Karakuş, the ceremony marked an important milestone as students took their first steps into the pharmacy profession by wearing their white coats. The event was attended by students who ranked among the top achievers in the YKS examination and chose our faculty, as well as members of the faculty administration, academic staff, PharmAydın Student Club members, students, and their families.

The ceremony was further enriched by musical performances presented by our faculty students and decorations prepared by members of the PharmAydın Student Club. The event was successfully completed with the participation of our students, academic staff, students' families, and guests, creating an atmosphere of excitement and pride.

Participated in the Workshop Titled “What Does the Pharmaceutical Industry Expect from Pharmacy Education?”

Assist. Prof. Dr. Gizem Sena Elagöz, a faculty member of the Faculty of Pharmacy, participated in the workshop titled “What Does the Pharmaceutical Industry Expect from Pharmacy Education?”, organized by the Faculty of Pharmacy of Yeditepe University.

The workshop featured speakers representing different sectors of the pharmaceutical industry. Discussions focused on career opportunities in the pharmaceutical sector, internship processes, the expectations of the industry from pharmacy students, and post-graduation career planning. The event brought together academics, students, and industry professionals, providing a valuable platform for exchanging ideas on the future development of pharmacy education.

The workshop facilitated productive discussions between academia and the pharmaceutical industry, contributing to a stronger alignment between pharmacy education and sectoral needs.

Oral Presentation Delivered at the ICS 2026 Congress

Assoc. Prof. Dr. Şebnem Garip Ustaoglu, a faculty member of the Department of Biochemistry, delivered an oral presentation at the 1st IKU-SPECTRA International Congress on Spectroscopy (ICS 2026), held at Istanbul Kültür University on May 21–22, 2026.

At the congress, the study entitled “Combined Effects of Astragalus membranaceus and Calorie Restriction on Liver Protection: An ATR-FTIR and Biochemical Investigation” was presented. The study evaluated the protective effects of Astragalus membranaceus and calorie restriction on the liver using ATR-FTIR spectroscopy and biochemical analyses.

The presentation provided valuable insights into the application of contemporary spectroscopic approaches in biomedical research and contributed to the dissemination of recent scientific developments in the field.

Faculty of Pharmacy Achieves Success in TÜBİTAK 2209-A Projects

Nine projects prepared by our Faculty of Pharmacy students and their academic advisors have been awarded funding under the TÜBİTAK 2209-A University Students Research Projects Support Program.

Conducted in various fields, these projects not only contribute to our students' research-oriented education but also demonstrate the scientific productivity of our faculty. We congratulate our students and academic advisors involved in these projects and wish them continued success in their future academic and scientific endeavors.
