Bugün **İran-ABD-İsrail** savaşı 33. gününe girerken, artık kimse bu çatışmayı klasik bir savaş olarak tanımlayamıyor. Bu, Clausewitz’in dediği gibi sadece “siyasetin başka araçlarla devamı” değildir; bugün savaş, enerjinin, ticaretin ve korkunun siyaseti şekillendirdiği bir düzleme taşınmıştır. İran-ABD-İsrail savaşı, yalnızca askerî cephelerde yürüyen bir çatışma olmaktan

Uluslararası sistem uzun süre üç temel güç merkezi üzerinden okunuyordu: ABD, Çin ve Rusya. Askeri kapasite, ekonomik büyüklük ve teknolojik üstünlük gibi klasik güç parametreleri, bu üç aktörün küresel dengedeki belirleyiciliğini tanımlıyordu. Ancak 2025-2026 döneminde yaşanan gelişmeler, özellikle İran'ın Hürmüz Boğazı üzerinden kurduğu stratejik baskı, bu paradigmanın eksik kaldığını ortaya koymuştur.

### **What the average hides: analysing the inequality of opportunity for children in Türkiye**

[Ömer Limanlı](#) & [Elif Kaya](#)

[Humanities and Social Sciences Communications](#), Article number: (2026) | [Cite this article](#)

**i** We are providing an unedited version of this manuscript to give early access to its findings. Before final publication, the manuscript will undergo further editing. Please note there may be errors present which affect the content, and all legal disclaimers apply.

#### **Abstract**

This paper uses the Human Opportunity Index (HOI) developed by the World Bank to assess the coverage and distributional equity of basic services and nutritional outcomes for children in Türkiye for the period 1993-2018. Using micro-level data from the Türkiye Demographic and Health Surveys (TDHS), we calculated the HOI and the Multidimensional HOI (MHOI) to quantitatively capture the structural inequalities that determine children's life chances and employed Shapley decomposition to identify how circumstances contribute to these inequalities. The analysis focuses on opportunities based on both basic infrastructure services (source of drinking water, type of toilet facility, PD, and antenatal care) and nutritional outcomes (stunting, underweight, and wasting). The findings reveal that although coverage has expanded in Türkiye, the principle of equity has not been sufficiently upheld. Socio-spatial circumstances, such as wealth, urban-rural disparities, and parental education,

*Türkiye açısından önemli olan, değişen küresel güç dengelerini doğru analiz ederek hem Batı hem de Doğu ile dengeli ilişkiler kurabilen çok boyutlu bir kalkınma perspektifi geliştirmektir.*

#### Küresel Sistemde Tektonik Kaymalar

21. yüzyılın ilk çeyreği tamamlanırken uluslararası sistem, II. Dünya Savaşı sonrasında kurulan liberal ekonomik düzenin en önemli dönüşüm dönemlerinden birini yaşamaktadır. 1990'lar boyunca küreselleşmenin yarattığı iyimser atmosfer, bugün yerini çok daha karmaşık ve parçalı bir küresel düzene bırakmıştır.

Bir tarafta Amerika Birleşik Devletleri ve Avrupa Birliği gibi gelişmiş ekonomilerde büyüme oranlarının uzun süredir %2 civarında seyretmesi, üretkenlik artışlarının sınırlı kalması ve gelir eşitsizliğinin belirgin biçimde artması dikkat çekmektedir. OECD verileri, pek çok gelişmiş ülkede orta sınıfın gelir payının son kırk yılda önemli ölçüde gerilediğini ortaya koymaktadır. Bu durum, Batı'da populist siyasetlerin yükselişi

### Türkiye Enerji Sektöründe İstihdamın Toplumsal Cinsiyet Boyutları: Fenomenolojik Bir Analiz

#### Abstract

This study aims to analyse the perceptions and experiences of women working in the Turkish energy sector regarding gender inequality. To this end, in-depth interviews were conducted, and the collected data were analysed using Interpretative Phenomenological Analysis (IPA). Based on the interviews, four superordinate themes were identified: equal opportunities, lack of acceptance, career development, and corporate policies. This study aims to raise awareness of gender equality and foster a more inclusive work environment in the Turkish energy sector.

**Keywords** : Women in the Energy Sector, Turkish Energy Sector, Gender Equality, Interpretative Phenomenological Analysis (IPA), Workplace Equality.

**JEL Classification Codes**: Q48, P48, Q01, J16.
