VOCATIONAL SCHOOL OF HEALTH SERVICES

The 2025–2026 Academic Year Has Begun

The 2025–2026 Academic Year has started enthusiastically at the Vocational School of Health Services. During the first week of the new term, a general orientation program was organized to help our students adapt to university life. The event was held in the A Block Hasan Fehmi BÜYÜKBAYRAM Conference Hall. At the program, the school administration, program heads, and academic staff met with students to provide information about academic processes, campus facilities, and student support services.

PHYSIOTHERAPY PROGRAM

Social Responsibility Project

Within the scope of the social responsibility project titled “Wisdom Program”, carried out in collaboration between Istanbul Aydın University and the Anadolu Culture and Education Foundation (AKEV), the Physiotherapy Program of the Vocational School of Health Services has also joined in to provide support during the Fall semester. The faculty members of the Physiotherapy Department launched the semester with an interactive lecture titled “What is and What is Not Physiotherapy and Rehabilitation?”. During the session, participants’ valuable opinions were received, and seminars and activities to be held throughout the semester were planned accordingly.

MEDICAL LABORATORY TECHNIQUES PROGRAM

New Appointment to the Head of Medical Laboratory Techniques Program

Dr. Lecturer Büşra Kaynar has been appointed as the Head of the Medical Laboratory Techniques Program. We wish her success in her new role and look forward to her continued contributions to our program and students.

MEDICAL LABORATORY TECHNIQUES PROGRAM

Medical Laboratory Techniques Program Orientation

Following the general orientation of the Vocational School of Health Services, a departmental orientation was held for newly enrolled students of the Medical Laboratory Techniques Program.

The Head of the Program, Dr. Lecturer Büşra Kaynar, provided information to the students about the program's academic structure, course plan, laboratory practices, internship processes, and professional development opportunities.

MEDICAL LABORATORY TECHNIQUES PROGRAM

CONFERENCE PRESENTATION

We are pleased to share that a study titled “The Effect of Different Extraction Methods on the Biological Activity of Viburnum opulus L. Fruits”, led by Asst. Prof. Dr. Silva Polat Sarı, was presented at the 4th International Congress on Plant Biology, held in Denizli, Türkiye, between September 3–6, 2025.

The image shows an acceptance letter from the 4th International Congress on Plant Biology (ICoPB2025) in Denizli, Türkiye. The letter is dated 03-06 September 2025. It is addressed to Oruç ÇETİNKAYA at Kocaeli Sağlık ve Teknoloji Üniversitesi. The letter congratulates the author on the acceptance of their abstract, "The Effect of Different Extraction Methods on the Biological Activity of Viburnum opulus L. Fruits", for presentation at the congress. The author's name is listed as Silva POLAT SARI, Oruç ÇETİNKAYA, Betül BÜYÜKKILIÇ ALTINBAŞAK, and Oruç ALTINBAŞAK. The letter is signed by Prof. Dr. Gürkan SEMİZ, Chair of Congress, Department of Biology, Faculty of Sciences, Pamukkale University, Denizli, Türkiye. The contact information for the congress is provided as +90 258 296 9542 and icpb2025@pau.edu.tr.

ACCEPTANCE LETTER

Dear Participant,

We sincerely thank you for your interest in and submission to the 4th International Congress on Plant Biology (ICoPB2025), which will be held in Denizli, TÜRKİYE, from 03 to 06 September 2025.

Following the evaluation of your abstract by our Scientific Committee, we are pleased to inform you that your abstract has been **accepted for presentation** at the congress.

Please find the details of your submission below:

Abstract Title:
"The Effect of Different Extraction Methods on the Biological Activity of Viburnum opulus L. Fruits"

Presentation Type:
 Oral Presentation
 Poster Presentation

Author(s):
Silva POLAT SARI, Oruç ÇETİNKAYA, Betül BÜYÜKKILIÇ ALTINBAŞAK, Oruç ALTINBAŞAK

We look forward to your participation and hope you will have a productive and enjoyable experience at the congress.

Sincerely,

Prof. Dr. Gürkan SEMİZ
On Behalf of the ICoPB2025 Organizing Committee

MEDICAL LABORATORY TECHNIQUES PROGRAM

Project

It has been decided by the Scientific Research Projects (BAP) Coordination Unit of Istanbul Aydın University to support the project numbered 125Z803, titled “Investigation of the Function of IDO1 in Ferroptosis-Related Molecular Mechanisms in Head and Neck Squamous Cell Carcinoma (HNSCC),” prepared under the supervision of Asst. Prof. Dr. Negar TAGHAVI POURIANAZAR. We congratulate our faculty member and wish that her work provides valuable contributions to the scientific world.

OPERATING ROOM SERVICES PROGRAM

Operating Room Services Program Orientation

Following the general orientation of the SHMYO, a departmental orientation was held for newly enrolled students of the Operating Room Services Program. Program Head Lecturer Zeliha Okur informed the students about the department's academic structure, the education process, student advisory services, curriculum, laboratory practices, internship procedures, and professional development opportunities.

PATHOLOGY LABORATORY TECHNIQUES PROGRAM

Pathology Laboratory Techniques Program Orientation

In the first week of the 2025-2026 academic year, an informational and orientation meeting was held with our 1st and 2nd-year students of the Pathology Laboratory Techniques Program, attended by our faculty members Asst. Prof. Dr. Narin ABDULLAH, Lecturer Eşref ÇELİK, Lecturer Beyza AYAN, and Lecturer Burcu GÜNAYDIN.

PATHOLOGY LABORATORY TECHNIQUES PROGRAM

Pathology Laboratory Techniques Program External Stakeholder Meeting

On Wednesday, September 24, 2025, the Pathology Laboratory Techniques Program External Stakeholder Meeting was held online via ZOOM with the participation of Cuma ERKMEN, Pathology Laboratory and intern student coordinator at Istanbul University Istanbul Faculty of Medicine Hospital, and Emine Ceyda SÖZÜER, Lecturer at Istanbul Bilgi University. During the meeting, our program instructors and external stakeholders evaluated the curriculum changes in the program and their alignment with sectoral needs.

PATHOLOGY LABORATORY TECHNIQUES PROGRAM

TÜBİTAK 1002-A Project

The TÜBİTAK 1002-A project titled “Investigation of the Effects of the Pmepa1 Gene on Ferroptosis in Head and Neck Squamous Cell Carcinoma”, to be led by Asst. Prof. Dr. Nigar TAGHAVI POURIANAZAR from the Medical Laboratory Techniques Program, with Asst. Prof. Dr. Narin ABDULLAH from the Pathology Laboratory Techniques Program participating as a researcher, has been accepted.
