Best Practices Exchanges for International Higher Education Management

Dr. Ammar Almaaytah

Assistant to the President for International Relations

Best Practices Exchanges for International Higher Education Management

- Establishing world class universities has become a major goal for countries in pursuit of transition to a knowledge based economy and sustainable economic development.
- World class universities contribute significantly to building competitive economies capable of developing high qualified and productive skilled labor in addition to generating and advancing knowledge in support of national innovation initiatives.

Best Practices Exchanges for International Higher Education Management

- The establishment of specialized **International Relations Office** at universities promotes the capability of the university to enhance its international relations, global profile and international competitiveness with the aim of elevating the university's international focus.

The International Relations Office (IRO) at JUST

- The International Relations Office was established at JUST with the aim of achieving the following goals:
 1. Build, promote and strengthen strategic international partnerships and agreements.
 2. Act as the central focal point for the coordination and implementation of all initiatives in support of achieving international status pursued by the university's administration.
 3. Achieve international visibility through the promotion of high quality teaching and research achievements at the university.
 4. Seek the establishment of joint/dual programs with internationally prestigious universities.
 5. Promote and facilitate international agreements between individual faculties and departments and international partners.

Previous Student Exchange Situation

- Students undergoing mobility during the first semester faced the following difficulties”
 1. No Official term registration for the students (Prone to loose their seats at the university” as no category is available for such activities at the admission and registration unit.
 2. No guarantee of credit recognition after their mobility due to the same reasons.
 3. No details of the grading system.
 4. No logistical support (Insurance, visa, orientation, accommodation etc...)
 5. No transparent selection criteria.

Previous Faculty Exchange Situation

- 1. No data whatsoever on faculty mobility.
- 2. Lack of Selection criteria
- 3. Low number of partnerships.
- 4. Incapability to invest on current partnerships and mobility opportunities for capacity building projects

Previous Situation Regarding Strategic Partnerships.

- 1. Agreements and MOUs are not archived and managed in a decentralized manner.
- 2. No Coordination Between Presidency unit and any other administrative entity regarding the follow-up of partnership sustainability.
- 3. No strategic plan for internationalization or targeted priorities.

Corrective Steps

Student and Faculty Exchange

- President Directive to document and archive all international agreements including Erasmus + agreements at the IRO.
- President Directive to Delegate the Director of the IRO to sign Erasmus+ Inter-institutional agreements.
- Draft Regulations for student and mobility approved by the dean's council.
- Seeking and building effective partnerships with International Universities.

Employing Social Media for the Promotion of Student Exchange

STUDY \geq SPAIN

انا حاليا طالبه ايراسموس في اليونان ايسلويكي
العسل الكثير يرجع لاني وصاحتي ساء الموسى التي شجنتي اسفل
عليها واكيد لجامعتي التي تمنح فرص مثل هذه لعالمها.
تتميت دائما ابي ايجرب ايرس بلك تاني واطمئن على حالي ا تعرف على
ناس من ثقافات مختلفه وايجرب ابي اكون بيك عروب وجيد واكتشف كل
جزءه وتقسيمه ايمر تجريبه ايراسموس روح تملكه كيف تشاء على حاله.
روح تشارك كتكتشف نفسك وتعرف عليها اكثر واكثر روح تشر ...
