Dear International Students,

According to the instruction issued by the Migration Administration of the Ministry of Internal Affairs; It has been stated that the addresses of foreigners living in Turkiye should be an open neighborhoods.

Thus, students who have a **valid residence permit** or **applying for extension residency** and yet have not registered their identity (address registration) must do their address registration.

How to do your address registration?

A residence card is mandatory for the address Registration Process. The Directorate of Migration Management, which is connected to the district where you live, can do this with a bill registered in your name or a notarized rental agreement.

In order to do this, you need to live at an open address.

Students who are **applying for residence for the first time** are required to declare an open neighborhood address.

Note: We would like to remind you that in order for your residence application not to be considered as a rejection, you must rent a house at an open address and make the necessary registration procedures.

Please click here for the closed neighborhood list published by the Immigration Administration:
