Higher Education in Turkey

The higher education system in Turkey is supervised by the Council of Higher Education (CoHE). The CoHE is an autonomous institution which is responsible for the planning, coordination and governance of the higher education system in accordance with the Constitution and the higher education laws.

Higher education institutions in Turkey can be classified as follows: Universities, Institutes of High Technology, Post Secondary Vocational Schools, Other Higher Education Institutions (Military and Police Academies). There are two types of universities in Turkey, namely State and Non-profit Foundation Universities.

All of these higher education institutions are recognized and accredited by the CoHE. There are 207 universities in Turkey, 74 of which are Non-Profit Foundation Institutions (2020). These universities host more than 7 million students.

A list of universities and their contact information is available at www.yok.gov.tr

Turkish universities offer:

- **Associate's degree programs (short cycle):** These programs take 2 years. Vocational high school graduates can qualify for associate's degree programs

without the central placement test.

- **Bachelor's degree programs (first cycle):** These programs generally take 4 years. Specialized programs such as medicine (6 years) may be longer.
- **Master's degree programs (second cycle):** A master's program with thesis generally take 2 years; a master's program without thesis take 1.5 years.
- **Doctoral degree program (third cycle):** A doctoral program after a master's degree take 8 semesters, an integrated doctoral program after a bachelor's degree take 10 semesters. A completion of coursework, proficiency exam, dissertation proposal and successful oral defense of the dissertation are the requisite steps in doctoral programs.

The National Qualifications Framework for Higher Education in Turkey, developed with reference to the Qualifications Framework of the European Higher Education Area was adopted by the CoHE in 2010.

Turkey has actively participated in the Bologna Process, which define the European Higher Education Area (EHEA). The Bologna Process has been an important opportunity for reconstruction and internationalization of Turkish higher education system.

For more information on the Turkish higher education system, please refer to the CoHE website www.yok.gov.tr

Studying in Istanbul

Istanbul has a wonderful location connecting Europe and Asia by the spectacular Bosphorus

Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has grand historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all.

Today it is not the capital of the modern Turkish Republic but it is the most populous city of Turkey with 17 million inhabitants. Istanbul is still the heart of Turkey's commercial, financial, artistic and cultural activities. It is a touristic destination which attracts around 12 million tourists a year, with its historic palaces and mosques, wonderful museums, art galleries, festivals, and world-class shopping and entertainment.

Istanbul is also an education hub. 58 universities are currently operating in Istanbul hosting around 600.000 students. Living and studying in Istanbul is a great experience with so many places to see and so many things to do.

Both Turkish and international students agree that studying in Istanbul is an opportunity not to be missed.

Istanbul Aydın University (IAU)

Istanbul Aydın University (IAU) is a non-profit and state-recognized Foundation university offering bachelor's, graduate and doctorate programs.

IAU offers a wide range of academic programs in order to meet the demands of the labor market in the global economy.

IAU in recent years has increased its investment in health education with its Faculty of the Health Sciences, Faculty of Dentistry and the Faculty of Medicine. The number of programs taught fully in English has grown, in line with the university's internationalization strategy.

IAU has also emphasized quality assurance and accreditation procedures for its academic programs.

QUALITY AND RANKINGS

- IAU has been featured in the QS University Rankings of "Emerging Europe and Central Asia Region University 2020" list by entering the first 300 universities and was ranked #1 in the 'International student' category among foundation universities in Turkey.
- Times Higher Education (THE) 2020 Impact Rankings: IAU is in the first 200 worldwide and 1st among Turkish endowment universities in the NO POVERTY category. IAU is in the first 200 worldwide in the AFFORDABLE AND CLEAN ENERGY category.
- IAU entered the top 300 in the world in Physics in the ranking of "Best Universities in the World" in the 2019 US News & World Report.
- 20+ Academic programs have been accredited by national or international Quality Assurance Agencies.
- IAU has successfully implemented European University Association's Institutional Evaluation Program and Follow-up Program.
- **TURQUALITY: IAU A WORLD BRAND IN EDUCATION**
As a leader in education exports, Istanbul Aydın University was included in the first and only state-supported global branding program Turquality by the Ministry of Trade as one of two universities in Turkey.

President's Message

Today more than ever, there is a need for a generation that can respond to the expectations of the society, dominate the use of information and technology, speak at least one foreign language in business life, that researches, inquires, and produces; renews itself in every area as well as the information necessary for life, that is participant, can think and work independently in universal dimensions.

Istanbul Aydın University is a higher education institution that will bring you the knowledge, awareness, entrepreneurial and creative spirit that the 21st century requires with its expert teaching staff, privileged, contemporary and constantly renewed programs, vocational English language preparatory school implemented for the first time in Turkey, contemporary technical equipment, ergonomic physical structure, distinguished solution partners, international education cooperation, freedom of unlimited learning which provides undergraduate education and its continuing education process, and its rich social structure.

We are working tirelessly to make Istanbul Aydın University in the pursuit of excellence and with the vision of becoming an entrepreneurial university as a duty and responsibility while educating the young generation embracing the targets constituting inalienable and unalterable values.

I sincerely hope that our students will discover and plan the career that they dream and build a happy future for themselves and for humanity.

Assoc. Prof. Mustafa AYDIN

President

Rector's Message

Education and learning are the main impetus for a society's development. Universities are valuable institutions with ties to various segments of society, focused on solving the problems of society, developing and spreading technology, while embodying the principles of academic freedom.

Although the number of universities in Turkey has increased recently, there are still over a million young people every year who are unable to access higher education due to insufficient number of seats at universities.

With this concern in mind, Istanbul Aydın University has worked relentlessly since its establishment in 2003 to reach its goals and has created the roadmap with its academicians, administrators and directors to be a leading, socially responsible and globally engaged university.

Prof. Yadigâr İzmirli

Rector

IAU Facts and Figures

Students' Top Choice

IAU is the most-preferred university by Turkish students in the central placement test for bachelor's programs. IAU is also preferred by international students; it has the highest number of international students among the foundation universities in Turkey.

Technological Campus

IAU has engineering and health sciences laboratories equipped with up-to-date technology, as well as art and design workshops and studios. It has an online student registration and information system. Every classroom is equipped with smart boards and podiums. The library has a wide range of electronic resources for the use of students and staff.

Comprehensive University

IAU has academic programs at prebachelor's, bachelor's, master's and doctoral levels covering most disciplines. Being a comprehensive university encourages interdisciplinary research and allows students to complete double major and minor studies.

Focus on Competency

IAU emphasizes professional competency in its teaching. Students have internships integrated into their curricula and on-the-job-training opportunities through the many Industry partnerships of IAU.

International University

IAU has an international campus with around 4000 international degree-seeking students from 101 countries. IAU also welcomes international students through the Erasmus+, bilateral exchange programs, and the Delightful Istanbul programs. IAU offers numerous study abroad opportunities to all its students at its partner universities abroad.

City University

IAU's main campus in Florya offers easy access to the many social and cultural activities in Istanbul through public transportation. Florya is close to the main international airport in Istanbul. IAU has also smaller campuses in downtown locations, housing the English Language Program, dental clinics, continuous education programs.

Short Term Study Programs

IAU Short-Term Study Programs office conducts "Short-Term Study Programs" throughout the academic year. These programs combine credit-bearing courses and cultural activities. Subjects that would attract international students are carefully selected and the courses are designed to include fieldwork or lab hours, alongside the lectures.

There are 2 main Delightful programs IAU offers for all international university students around the world. IAU students can take part in short-term study abroad programs in partner universities. **Contact: delightful@aydin.edu.tr**

Delightful Istanbul

International Summer School Program

The Delightful Istanbul Summer School Program takes place in July every year. In 2021, the program will take place online. Delightful Istanbul is proud to bring international students from all over the world with different cultural backgrounds together. Students will have the opportunity to gain new knowledge and skills through online learning. They will have access to synchronous lectures by IAU instructors, reading materials, videos and discussion forums on the digital learning platform of IAU. Assignments and final exam will be online. Students who complete the attendance requirements and pass their exams successfully will be awarded an official transcript by IAU.

Among the interesting subjects offered are Brand Management, Project Management, Current Issues in International Politics and Neuroscience. Students will select one course that matches their field of study and academic interests and will get 3 ECTS.

Students who participate in the summer program also explore Istanbul and learn about Turkish culture and modern history through curated visual and textual materials in the 2021 online program. When the program is organized on-site, we organize city tours, museum visits etc. to facilitate intercultural awareness and learning, an important soft skill, which will enhance employability in the future.

Delightful Istanbul

International Winter School

This program takes place during the winter break which is usually the last two weeks of January and hosts international students from all over the World, from partner universities of IAU.

Students will be able to choose one course from a list of multi-disciplinary courses offering knowledge and training in most exciting subjects. All courses contain both theoretical and practical training. So come and join our fantastic Delightful Winter Program, whether online or on-site, and explore the magical city of Istanbul, while attending an interesting course and earning ECTS credits.

International Students and Staff Affairs Office (ISSA)

ISSA presents orientation programs for newly arriving international students providing important information and skills they need in order to study successfully during their stay in Turkey. ISSA offers one-on-one counselling and group activities to help international students through their adaptation period and supports them with their educational, legal and social issues. In addition, it coordinates activities with the International Student Union to implement their projects and to organize extra-curricular activities such as field trips.

International Student Union (ISU)

The International Student Union (ISU) at Istanbul Aydın University is a voluntary association of international students. ISU presidency is elected annually by the votes of international students. ISU is committed to tirelessly advocating on behalf of international students and to enhance their entire student experience on campus. ISU equally aims at promoting the cultural diversity that international students bring to IAU and international understanding and cultural awareness of the University community. One of our aims is to organize social programs to form a supportive and fun network of international students and all the internationally-minded students and staff at IAU.

International Student Recruitment Office

International Student Recruitment Office is responsible for developing and implementing the University's strategy for marketing and recruitment of international students. The Office provides information, advice and guidance on studying at IAU to prospective students, educational representatives and schools overseas. The Office is responsible for:

- › **Overseas visits:** Organizing regular visits to different countries to maintain and develop contacts and to promote the University at education fairs and via institutional visits, presentations and working with the University's partners.
- › **Representatives/agents:** Managing relations with a network of overseas student recruitment agents.
- › **Direct Consultancy:** Providing information for prospective international students on our website and publishing on a regular basis the results of market research on student recruitment activities.
