# RESIDENCE PERMIT

All the students must apply to residence permit. Application must be online from the government website. Please schedule an online appointment at **e-ikamet.gov.tr** in order to obtain a residence permit, before you contact Provincial Directorates of Migration Management Office in Istanbul.

Turkish authorities enforce the laws, including those stipulating fines, deportation, and bans on future travel to Turkey for people who overstay their visas or do not maintain valid residency permits.

International students who have overstayed their visas, residence permits, or visa exempt periods and are subject to a fine can also benefit from the residence permit procedure as long as they pay the related fines.

Applications for residence permits should be made within 30 days of arrival in Turkey.

If you stay beyond the date of your visa or your residence permit expires, even if only for a few days, you will be fined at the port of exit and will be subject to a travel ban preventing you from re-entering Turkey for a period between three months to five years (depending on the length of your overstay). Monthly fines for overstaying Turkish visas or residency permits add up quickly. Travelers are encouraged to check with local authorities to ensure compliance with all Turkish immigration regulations.
