SUCCESS STORY

Hello, my name is MAMIA MAIRECH and I'm a Tunisian Business Management student studying at Istanbul Aydin University. The main reason why I chose Istanbul Aydin university is because of it's diverse student body, rather than feeling like an outside I feel like I truly belong here ; oh!, and the beautiful campus situated right at the heart of Istanbul. But unfortunately in the year 2019, we've been hit with an unexpected global epidemic that lead to us having to take our classes online and although there are lots of advantages to that such as spending more quality time with loved ones and taking classes at the comfort of our own home there's just something more special about going to campus, socializing and getting to meet new people. Which is why the Istanbul Aydin university family and I would like to urge you all to keep your social interactions to a minimum, constantly wash your hands and always have a face mask on so that we can quickly overcome this pandemic in order to see you all in good health. Thank you and stay safe.

International Student Meet Up Bil College Student

The online meet-up between the international students of IAU with the Turkish students of Bil College has been organizing every week. The main objective of the online meet-up project is, students are introducing their culture, traditions and national cuisines of the respective countries with each other. Thus, the activity enhances both students to get more knowledge and get familiar with each other. Once the Pandemic is over we will organize cultural trips for our International students and Bil College students all over Turkey.
