OUR COURSES

Our Turkish language courses, conducted both in-person and online, are successfully carried out thanks to the active participation and interaction of our students. Our educational program, supported by digital materials carefully prepared by our experienced instructors, enables participants to acquire Turkish language and culture through an effective, lasting, and application-based learning process. Our educational process aims to develop students' language skills in a multifaceted way through a communication-focused approach.

OUR NEWLY OPENED CLASS

In our A1 level class, which opened in February, our students have taken their first steps in the Turkish learning process under the guidance of our qualified instructors. Our program aims to develop participants' listening, speaking, reading, and writing skills in a balanced manner, while also providing them with the opportunity to learn about Turkish culture. We wish all our students who have embarked on their Turkish learning journey outstanding success in the new academic year.

EXAM DATES

As part of our Turkish language teaching program, the monthly Course Completion and Proficiency Exams provide a comprehensive assessment of our students' language proficiency in listening, speaking, reading, and writing. Participants who successfully complete this assessment process are awarded certificates that officially document their proficiency in the Turkish language. These documents, which record academic progress, contribute to our students' advancement to a higher level of Turkish language skills. We congratulate our students who have performed exceptionally well in the exams and wish all students who will take the exams in the coming periods every success.

DECORATIVE HANDICRAFTS WORKSHOP

As part of the "Decorative Handicrafts Activity" organized to contribute to the social and cultural development of our students, candle, bag, and mirror design work was carried out. Under the guidance of an experienced instructor in the field, the activity introduced the application stages to the participants in detail; then our students had the opportunity to create their own designs.

Aiming to develop manual skills and encourage artistic production, the event was completed in a productive and enjoyable manner with the active participation of our students.

Our Iftar Event on the Ship

An iftar program was organized on board the ship to strengthen our students' social interaction and experience the spiritual atmosphere of Ramadan together. During the event, held with a view of the Bosphorus, our students gathered together to break their fast and had the opportunity to experience the culture of sharing and solidarity together.

Held in a warm and welcoming environment, the program contributed to strengthening our students' cultural bonds and was a meaningful gathering that reflected the spirit of unity and togetherness of Ramadan.
