If there are no applications for the quotas allocated to a program for international student admission, or if the quota is not filled, quotas—except for Medicine, Dentistry, Pharmacy and Law—may be transferred to other program quotas. For Medicine, Dentistry, Pharmacy and Law programs, quota transfers are carried out with the approval of the Council of Higher Education. (Amendment: Senate Decision Dated 04/05/2023 and No. 2023/08-15)

a) In terms of nationality:

Application method

ARTICLE 6 –

(1) Applications are made by filling in the application form on the University website and submitting—by hand delivery, online or by post—the documents requested (listed in the annex) so that they reach the University’s International Office by the date announced on the website. The University cannot be held responsible for delays arising in these processes.

Exams required for application and minimum scores

ARTICLE 7 –

(1) Evaluation of applications made within the framework of this Directive is carried out by a commission formed by the Istanbul Aydın University Rectorate, based on the exams listed in Annex-1 approved by the Council of Higher Education and the high-school graduation principles listed in Annex-2, taking into account criteria such as the candidate’s success in national/international exams, diploma grade, graduation degree, the position of the school graduated from in national and international rankings, and the number of students placed with the same country nationality. New exams and admission principles may also be added by Senate decision.

(2) Students who do not have an international exam score may apply to Istanbul Aydın University if their high-school graduation grade complies with the table in Annex-2.

Documents required for application

ARTICLE 8 –

(1) Required documents are:

- a) International student application form,

b) High school diploma: notarized copy (and translation if in a language other than English or Turkish). An equivalency certificate will not be requested at registration. Candidates who have not yet received their diploma must submit an official document (English or Turkish) stating they will graduate before the final registration date specified in the academic calendar; if the document cannot be submitted by the graduation date, graduation will not be approved. (Amendment: Senate Decision Dated 21/08/2024 and No. 2024/11-04)

c) Official transcript: official transcript approved by the high school administration must be submitted in a sealed envelope; if not in Turkish, a certified Turkish translation must also be submitted.

d) Two (2) photos (4.5 × 6 cm) taken from the front within the last six months, compliant with dress regulations,

e) Copy of passport identity page,

f) Pre-registration fee receipt.

Evaluation of applications

ARTICLE 9 –

(1) Evaluation and admission of international students are carried out by the International Student Evaluation and Admission Commission established by the Rectorate within the periods specified in the academic calendar. The University is free to fill or not fill its quotas. Meeting application conditions does not mean admission/placement. The Commission evaluates by taking into account valid exams, minimum required scores and quotas. For departments admitting students via a Special Talent Exam, the exam is conducted additionally according to the principles specified in the IAU Special Talent Exams Directive. The Commission's proposal becomes final upon approval of the University Administrative Board. Accepted students are sent an official acceptance letter by the Directorate of Student Affairs so that they can obtain a "Student Visa".

(2) Turkish proficiency for Turkish-medium programs and English proficiency for programs taught in English are determined based on the University proficiency exam or internationally/nationally valid language exams (TOEFL, IELTS, FCE, TOEIC, TÖMER, etc.). Students who fail the proficiency exam are placed in a one-year preparatory program; those who succeed start their first year. Those who fail are granted one additional year; those who fail again are dismissed from the University.

Announcement of results

ARTICLE 10 –

(1) Application results are announced on the University website. In addition, an acceptance letter is sent to the address declared in the application documents of accepted candidates. Candidates must obtain a "Student Visa" from the Turkish Embassy in their country with this letter. This visa is required for entry into Türkiye and registration at the University.

Preparatory education for the language of instruction

ARTICLE 11 –

(1) For students registering in Turkish-medium departments, Turkish level must be at least B2. For Medicine, Dentistry and Pharmacy, Turkish level must be at least C1. Students who cannot document this must take the Turkish proficiency exam administered by the IAU Turkish Teaching Application and Research Center. Those who fail attend one (1) year of Turkish education. Those who still fail after an additional one-year period are deregistered. For master's programs at least B2; for doctoral programs at least C1 is required.

(2) For programs taught in a foreign language with compulsory preparatory education, minimum scores for exemption (English/Spanish/Russian/Arabic) are applied as listed in the Directive (e.g., TOEFL iBT 78; CAE/CPE C; PTE Academic 71; YDS/YÖKDİL 80; etc.).

(3) Students holding any of the specified documents may apply to the School of Foreign Languages at least three days before the School's proficiency exam, with a petition requesting exemption.

(4) Students who fail the proficiency exam or whose documents are not accepted start at the appropriate level group; level groups may be changed within the first two weeks for academic reasons.

(5) Students who can document that they successfully completed a foreign language preparatory program within the last three academic years may be exempt; otherwise they must take the proficiency exam.

(6) Students who fail the foreign language preparatory education two consecutive years are dismissed from the University.

(7) International students who wish to receive optional preparatory education in a foreign language other than the language of instruction may do so for two semesters by paying the preparatory class fee and with the approval of the relevant department chair.

Student visa

ARTICLE 12 –

(1) A student visa is mandatory for registration. Candidates applying from abroad obtain a student visa from Türkiye's foreign missions; candidates in Türkiye obtain it from Provincial Police Directorates. Upon request, an acceptance letter may be sent by the University to candidates accepted under the foreign student quota so that they can obtain a student visa.

Tuition fee

ARTICLE 13 –

(1) Education at Istanbul Aydın University is subject to tuition. The tuition fee is determined and announced each year by the Chair of the Board of Trustees.
