Panel on Turkey's Earthquake Issue

Within the scope of 1 - 7 March Earthquake Week, we organized a panel discussing Turkey's earthquake problem in cooperation with Istanbul Aydın University Disaster Training Application and Research Center and Career Center.

Birol DOYRANLI (Deputy General Manager of Alacalı Construction - Civil Engineer), Halil EKİNCİ (Uniteknik Yapı Malzemeleri Business Development Manager - Civil Engineer), Seyit İsmail ULUSOY (Alaca Mühendislik Technical Manager - Civil Engineer) and Yoshinori MORIWAKİ (Hazama Ando Corporation) General Manager, Civil Engineer, Earthquake Expert) participated as a panelist and moderated by AFAM Coordinator Serhat YILMAZ.

In the panel, which was held to raise awareness about the earthquake to civil engineer candidates who are educated at IAU Engineering Faculty, possible earthquakes expected in Turkey and the measures to be taken against this and the issues of creating durable structures were discussed.

We Realized the Sustainability and Environmental Effects Workshop in Energy

We held the Sustainability in Energy and Environmental Effects Workshop on March 6, 2019 in cooperation with Istanbul Aydın University (İAÜ) Disaster Training Application and Research Center (AFAM), Corporate Management and Sustainability Application and Research Center, and Energy Policies and Markets Application and Research Center (EPPAM).

Academics, experts from the business world and the non-governmental community participated in the workshop where the Sustainability and Environmental Effects in Energy and the problems encountered in similar applications and solutions to these problems will be discussed.

In the workshop, the environmental impacts of the energy used in Turkey were made, and the problem regarding the provision of research in energy and the solution proposals for these problems were discussed in the workshop, and also evaluations were made for the creation of new collaborations in this field.

To the workshop; Prof. Dr. Nurşin ATEŞOĞLU GÜNEY (Dean of Bahçeşehir Cyprus University, Faculty of Economics, Administrative and Social Sciences), Assoc. Dr. Çağla Gül YESEVİ (Istanbul Kültür University, Faculty of Economics and Administrative Sciences, Department of International Relations, Faculty Member), Assoc. Dr. Burcu Yavuz TİFTİKÇİGİL (Istanbul Gedik University, Faculty of Economics and Administrative Sciences, Head of International Trade and Finance Department), Ayşe Ceren SARI (Shura Energy Transformation Center, Energy Analyst), Pelin OĞUZ (Sabancı University, Mercator-Istanbul Policy Center (IPC), Scholarship Program Coordinator), Assoc. Dr. Sevim BUDAK (Istanbul University, Faculty of Political Sciences, Head of Urbanization and Environmental Issues Department), Gülin ÖZİLKİZ (AYGAZ Inc. Quality and SEC Manager), Zeynep UYAN (AYGAZ Inc. SEC Expert), Volkan VARAL (TOFAŞ A Environmental Systems Manager), Faruk TELEMÇİOĞLU (GÜNDER International Solar Energy Agency, Secretary General of Turkey), Mine İZMİRLİ (Maya Sustainable Development Agency, Coordinator), Hasan ÖZKAN (Chairman of the Board of Beyond Energy Inc.) attended.

AFAM activities took place in the national press as news

The panel that we held on Earthquake Week on March 5, 2019 and discussed the earthquake problem of our country with the civil engineering department of our university attracted attention in the national press and was reported by many media organizations.
